Instant Relief for Sore Feet

Sore Feet, Tender Feet and Swollen Feet Cured Every Time. TIZ Makes Sore Feet Well No Matter What Ails Them.

Policemen all over the world use TIZ. Policemen stand on their feet all day and know what sore, tender, aching, swollen feet really mean. They use TIZ because TIZ cures their feet right up. It keeps feet in perfect condition. Read what this policeman has to say: "I was surprised and delighted with TIZ for tender feet. I hardly know how to thank you enough for it. It's superior to powders or plasters. I can keep my feet in perfect condition. Believe in my earnest gratitude for TIZ. I am a policeman and keep on my feet all day."—Emzy Harrel, Austin, Texas.

You never tried anything like TIZ before for your feet. It is different from anything ever before sold.

TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous exudations which bring on soreness of the feet, and is the only remedy that does. TIZ cleans out every pore and glorifies the feet—your feet.

You'll never limp again or draw up your face in pain and you'll forget about your corns, bunions and callouses. You'll feel like a new person. TIZ is for sale at all druggists at 25c per box, or it will be sent you direct if you wish from Walter Luthar Dodge & Co., Chicago, Ill. For sale by all druggists.

OCTOBER WETTEST AND COLDEST IN YEARS

ACCORDING TO ACCURATE FIGURES THE PRECIPITATION WAS ABOVE NORMAL

No wonder the citizens and goose quill weather prophets of this section of the country have been complaining about the extraordinary weather. According to J. C. Baker, weather observer at the Normal, the month just closed was the coldest and next to the wettest October in the past 51 years. As long as the official records of the weather have been kept never has there been an October so cold and 1896 is the only year in which the October precipitation was greater.

As a rule, the mean temperature for the month is 49.8 degrees, but this year the mean was registered at 44.8 degrees, a departure of five degrees from the normal. The maximum temperature of October was 73 degrees on the second day of the month and the minimum came on October 21 at 18 degrees. The greatest daily range was on October 10, when the temperature varied 44 degrees. The mean maximum temperature was 57.6 degrees and the mean minimum was 32. The mean normal precipitation for October is figured at 1.02 inches. This fall the register showed 2.83 inches. In 1896 the precipitation was 4.35 inches. The heaviest fall came on October 5, when in 24 hours 1.45 was registered. The first snow of the month came on October 20 and measured 2.00 inches. Another snow fell on October 27 when a precipitation of 3.00 inches occurred. Six days of the month a precipitation of .01 inches or more was registered. Twenty-two days are registered as clear, three partly cloudy and six cloudy. On October 8, 9, 10, 13 and 14 occurred killing frosts. Light frosts were registered on October 4 and 7 but these did no damage. As a rule, when old timers say that this is the severest winter in years or the driest season in centuries the temptation is to let the remark pass in one ear and out the other. But when they said this fall that October was the coldest and wettest in years there was no disputing them for the register belonging to Uncle Sam stands behind them.

LADY CAMPBELL DEAD. London, Nov. 2.—Lady Conlin Campbell, authoress and journalist, died today after a long illness. Her divorce suit a quarter of a century ago, when she obtained a judicial separation, created a great sensation. Her maiden name was Gertrude Blood.

In order to become a nuisance you have only to hunt up a grievance.

WHITE MAY BE FORCED OFF THE STATE TICKET

ANOTHER EVIDENCE OF DEMOCRATIC MISMANAGEMENT; LACK OF FORESIGHT

Silver City, N. M., Nov. 2.—In Silver City, the home of Alvin N. White, democratic candidate for state superintendent of public instruction, it is being said on every hand that Mr. White will be requested today to resign from the ticket. The state central committee, it is understood, will take this action because there is considerable doubt as to Mr. White's ability to qualify for the office should he be elected.

According to the laws of New Mexico a state officer must have resided in the state five years. In 1907 Mr. White left New Mexico, not returning to the state until after eighteen months had elapsed. In the mean time he became a citizen of another state. Since his return he has resided in New Mexico but two years.

From all parts of the state come reports of democratic mismanagement. Just as in the case of Mr. White on the state ticket many candidates have resigned or been forced off county tickets. Should Mr. White's name be replaced by that of another man, the proceeding will mark the second change in the democratic state ticket since the state convention, Francisco A. Manzanera, Jr., having been compelled to resign after his nomination for the office of state treasurer.

ROOSEVELT DENOUNCES ARBITRATION POLICY

SAYS IT WOULD BE WICKED FOR THIS NATION TO ARBITRATE VITAL MATTERS.

New York, Nov. 2.—Theodore Roosevelt has an article on "Arbitration, Pretense and Reality," in the current number of The Outlook. After referring to the situation in China and Tripoli, the writer says:

"It would not be merely foolish but wicked for us as a nation to agree to arbitrate any dispute that affects our vital interest or our independence or our honor; because such an agreement would amount on our part to a covenant to abandon our duty, to an agreement to surrender the rights of the American people about unknown matters at unknown times in the future."

"Such an agreement would be wicked if kept, and yet to break it as it undoubtedly would be broken if the occasion arose—would be only less shameful than keeping it. A self-executing arbitration treaty of such a kind cannot be devised, simply because no such treaty that can be devised will execute itself, or will or ought to be executed by the nation in time of stress."

Do you expect to inherit a fortune? Herbert J. Hagerman inherited a fortune. He never worked a day in his life.

Hagerman says Bureau worked on the section as a common laborer. It's true.

It is claimed on good authority that Chairman Veeder of the democratic county central committee, has received \$6000 to use in this county, and that saintly gentleman, Felix Martinez, is here to help spend it. There will be no affidavits made by these men regarding who got away with the coin.

It is reported from Santa Fe that the democratic headquarters there have been abandoned and the fight given up.

Walter Granger left this afternoon for a short trip to Chicago.
